

Overview of Domestic Violence Offender Intervention Programs in North Dakota

NORTH DAKOTA
ALLIANCE TO END
PARTNER ABUSE

The North Dakota Alliance to End Partner Abuse (NDAEPA) (previously the Batterers' Treatment Forum) supports the utilization of domestic violence offender intervention program standards and the implementation of training and mentoring that upholds best practices towards victim safety and offender accountability.

NDAEPA is a project of the North Dakota Domestic & Sexual Violence Coalition (NDDSVC) — nddsvc.org

NDCC 12.1-17-13. Mandated intervention program of domestic violence offenders

The sentence for an offense under section 12.1-17-01 (Simple Assault), 12.1-17-01.1 (Assault), 12.1-17-01.2 (Domestic Violence), 12.1-17-02 (Aggravated Assault), 12.1-17-03 (Reckless Endangerment), 12.1-17-04 (Terrorizing), 12.1-17-05 (Menacing), 12.1-17-07 (Harassment), 12.1-17-07.1 (Simple Assault), 12.1-18-02 (Felonious Restraint), 12.1-18-03 (Unlawful Imprisonment), 12.1-21-05 (Criminal Mischief), 12.1-21-06.1 (Interference with Telephone During Emergency Call), 12.1-31.2-01 (Disorderly Conduct Restraining Order), 12.1-31.2-02 (Order Prohibiting Contact), or 14-07.1-06 (Penalty for Violation of a Protection Order) against an intimate partner, must include an order to complete a domestic violence offender assessment and intervention program as determined by the court. A court may not order the offender to attend anger management classes or individual counseling unless a domestic violence intervention program is not reasonably available to the defendant and the court makes findings for the record explaining why an order to complete a domestic violence offender intervention program would be inappropriate.

ND Battering Intervention Standards:

- Requires follow-up communication to courts
- Group must be at least twenty-four 1.5 hour sessions
- Attentive to lethality and safety needs of victims
- Anger management is not a best practice because individuals abuse partners even when anger is not present
- Must work closely with advocacy programs

All certified programs in the state currently use a curriculum that supports the Duluth model. When criminal justice systems and offender intervention programs work closely together, lives can change.

Coordinated Community Response Project conducted a study that tracked 547 male participants who completed the New Choices Program from 2004–2020.

Community Violence Intervention Center - Grand Forks, ND

Participants experienced:

73% decrease in law enforcement involvement

90% decrease in criminal charges

86% decrease in protection orders filed

Comments from Participants:

"I have learned that violence is not just physical actions, so I have been focusing on the words I use and how I use them. I am becoming a better parent and partner because it is what my family deserves."

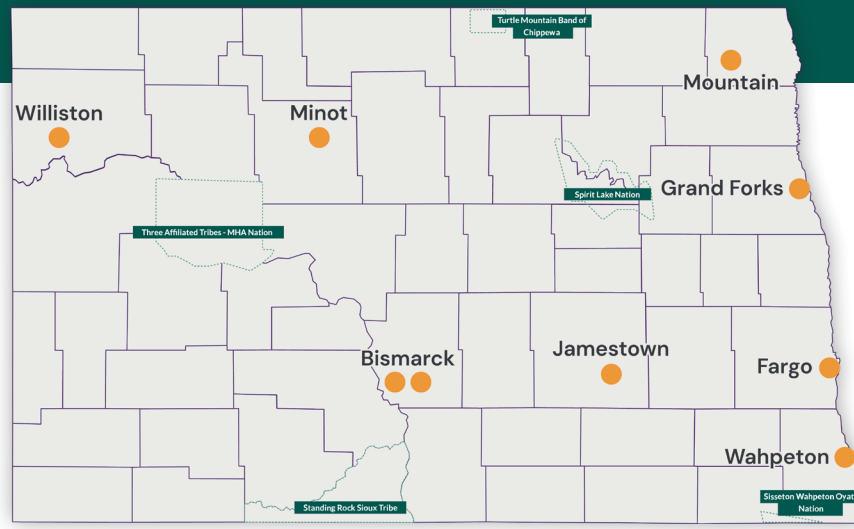

"I changed my attitude, how I talk, how I address situations. I wanted to be a better partner and have a better relationship. I also changed for the kids. I wanted to be better for everyone, including myself. My self-esteem is through the roof because of my accountability and willingness to change. I cannot remember the last time I was this happy."
